Online Teaching Tools in Equine Science

The screenshot shows the homepage of My Horse University. The navigation bar includes links for HOME, ABOUT, EXPERTS, ONLINE COURSES, RESOURCES, MHU STORE, and CONTACT. The main header features the My Horse University logo and a search bar. Below the header, there is a large image of a woman in a white polo shirt and cap holding a laptop, with a horse's head in the foreground. To the left of this image are four vertical buttons: 'VIEW VIDEO', 'MHU NEWSLETTER', 'STUDENT TESTIMONIALS', and 'LEARN MORE'. Below the main image are three colored boxes: 'Equine Business Network' (blue), 'Online Courses' (green), and 'Youth Safety Course' (orange), each with a 'LEARN MORE' button.

Michigan State University

The screenshot shows the Facebook page for Kentucky Equine Research. The page header includes the Facebook logo, the name 'Kentucky Equine Research', and a search bar. Below the header, there is a post from 'Kentucky Equine Research' dated '3 hours ago'. The post text reads: 'Mature horses that begin to lose weight on an unchanging diet are a puzzle for their owners. It's not always easy to find the cause of weight loss and correct the problem. Want more? Read on: www.equinews.com/article/understanding-weight-loss-and-diet-mature-horses'. Below the text is a photo of a dark horse grazing in a field. To the right of the post, there is a sidebar with '13 Friends' and a list of friends with 'Invite' buttons. At the bottom, there is a section for 'Recent Posts by Others on Kentucky Equine Research' with three posts by Trisha Joyce, Lee Deison, and Mary O'Connor.

Kentucky Equine Research

Research Question

- Does the use of LinkedIn as a teaching tool have an effect on student engagement in the equine science classroom?

MURRAY
STATE UNIVERSITY

Hutson School of Agriculture

Methods

- 2 separate equine science classes selected in Fall and Spring Semesters (data was combined)
 - LINK group (N=26)
 - TRAD group (N=17)
- Classes taught by same teacher, same amount of time per week, and same level of coursework difficulty
- LINK required class participation on LinkedIn
 - Questions about peer-reviewed articles
 - LinkedIn group activity summaries
- Pre-, mid-, and post-course surveys administered
- Approved by IRB as a Level 1 project

Linked In Part 4

Elise Lofgren

Graduate Teaching Assistant at Murray State University

Hey everyone, I have attached links to two articles related to biomechanics and lameness. Please come up with one question per article and post on the discussion page. Your participation in creating questions on our page will be due by this Friday, November 1st.

Article 1: <http://www.thehorse.com/articles/31630/biomechanics-and-hoof-problems-treatment-aaep-2012>

Article 2: [http://www.thehorse.com/articles/15546/biomechanical-](http://www.thehorse.com/articles/15546/biomechanical-efficiency)

[efficiency](#)

Dr. Porr also has the book "The Dynamic Horse" in her office if anyone is interested in taking a look at it. Have a great week!

[Biomechanics and Hoof Problems, Treatment \(AAEP 2012\) thehorse.com](#)

One vet encouraged practitioners and farriers to take a biomechanical approach to treating some foot problems.

Results

- 77% of students surveyed had previous experience with social media used in another class. The majority of students felt that:
- Social media had some impact as a tool in equine science and higher education
- A greater connection was achieved between teacher and student
- Traditional lecture and PowerPoint presentations in class were the most effective for learning

Table 1: Likert Responses for LINK Students and Post-Course Survey Questions, N=26

Questions	Not Effective			Very Effective
	1	2	3	4
	f(%)	f(%)	f(%)	f(%)
1. How effective do you think social media can be when used as a teaching tool in higher education?	1 (3.85)	6 (23.08)	14 (53.84)	5 (19.23)
2. How effective do you think social media can be when used as a teaching tool in equine science classes?	0 (0.00)	7 (26.92)	12 (46.16)	7 (26.92)
3. How effective do you think utilizing social media sites, such as LinkedIn, can be in identifying possible career opportunities?	1 (3.85)	8 (30.77)	5 (19.23)	12 (46.16)
4. How effective do you think utilizing social media sites, such as LinkedIn, can be in attaining a career/job?	0 (0.00)	8 (30.77)	7 (26.92)	11 (42.31)
5. How effective do you feel using LinkedIn as a teaching tool was in this class?	4 (15.38)	10 (38.46)	10 (38.46)	2 (7.69)

- “It is a great way to get involved in the outside world other than the classroom setting and get an outside point-of-view on topics.”
- “It gives students a chance to actually visualize what they are learning and see other opinions from individuals all over the world.”
- “Involve more of the class work with LinkedIn, discuss what was said in class on the forum, and relate it back to everyday use to better increase everyone’s understanding.”

Conclusion

- What this study tells us
- What this study doesn't tell us
- Improvements/Revisions
- Why is this study important?
